

Gymnastics Caps

Red-white-gymnastics Cap

double stitching

- Made with thick E/C cloth. Reinforced stitching (double stitching) makes the product durable to washing; does not fade or lose its shape.
- A representative product of red-and-white Rabbit Earth P.E. caps, which delight children throughout Japan.

Kindergarten

Knit kindergartener Cap With Frap

- Product undergoes UV-cut processing that blocks 98% of harmful ultraviolet rays.
- In order to protect the back of the head, including the neck, from ultraviolet rays, we have made the flap significantly longer than those on conventional products. The flap is curved so as to cover the ears to the extent that hearing is not impaired.
- The visor is also longer than conventional kindergarten color caps, widening the scope of protection from ultraviolet rays. Soft stuffing is also included in the materials, softening any bumps.
- Made using high-quality cloth with excellent perspiration-absorption/drying properties, providing added value.

perspiration absorability/
feels comfortable against the skin

Absorbs and evaporates perspiration quickly, providing natural drying. By minimizing contact between skin and perspiration, the cap can always be worn with a feeling of comfort.
